
Platform You Will Buy It For?

Posted by XxR3zD3ViLxX - 2008/01/31 21:43

Hey every1,

Since FC2 is gonna be multi-platformed i wanted to know which of the platforms are u gonna get it: PC/Xbox 360/PS3?

State your ownership of any of the platforms, and which you are planning to buy it for and for what reason?

I own a PC, and im not sure about its performance and requirements, but I really do hope that it would look awesome and play smooth on my 8600GT; on the other hand, if I owned a X360 or a PS3 I would've gotten for any of each, coz of Ubisoft's bad history of ports and poor optimizations.

Will get it for PC because its always better feeling when you play the games on PC but my GPU isnt the best so for the graphic part I think I will play it on the PS3..
